

# Kalamunda Christian School - 2024 School Improvement Plan

**Our Calling:** To cultivate character and competencies foundational to flourishing lives and community through holistic Christian Education

## CULTURE

### 1. A Vibrant Culture of Faith and Wellbeing

- 1.1 Develop the Christian ethos and values of the school and connect with local churches and organizations.
- 1.2 A significant focus on a healthy learner profile and character attributes we want to see develop in every child.
- 1.3 Implementing **restorative practice** in discipline, culture, relationships and within the playground environment, in order to develop student trust and responsibility.

## EDUCATION

### 2. Rich Learning and Quality Teaching

- 2.1 Improve student outcomes in written language (with a **focus on T4W**), spelling and literacy.
- 2.2 Enhance and expand enquiry-learning pedagogical approaches, aligned to the school's Gradual Release of Responsibility model.
- 2.3 Develop a more integrated curriculum that promotes deeper learning, problem solving and collaboration.
- 2.4 Enhancing the way in which we communicate student progress and success to students and parents.
- 2.5 Embed a culture of **targeted intervention**, extension and differentiation across the school where every student flourishes.

## COMMUNITY

### 3. Positive Community Partnerships

- 3.1 Enhance opportunities for community connections and participation, especially local business, local council and community groups.
- 3.2 Find new ways to participate and contribute to the SCEA group.
- 3.3 Build community events at KCS that connect parents, staff and children.

## OPERATIONS

### 4. Effective School Operations

- 4.1 Steward finance and resources to see KPI targets increase in every area.
- 4.2 Implement the SCEA Proficient standards for Teachers and the SCEA Pedagogical Framework.
- 4.3 Promoting KCS more widely to see a continued positive pattern of enrolments.
- 4.4 Use resources to develop more play-based learning areas at the school.
